RENEWED PETITION UNDER 37 C.F.R 1.47(a)

This is a Request for Reconsideration of the Decision dated August 30, 2007, denying applicants' Petition under 37 CFR 1.47(a)" filed 13 June 2007 to accept the application without the signatures of joint inventors: Qi Li, Katherine Salas, Anayo Ukeje and Ramesh Yanamandra. The Decision provided a two month response date, and stated that extensions of time were available under 37 CFR 1.136(a). The Applicants request a four month extension of time, which would make filing of this Renewed Petition timely on February 28, 2008 (within 6 months statutory time). Please charge the four-month extension fee of **\$1,640.00** and any additional fees to the deposit account of Kenyon & Kenyon LLP, deposit account number 11-0600.

A petition under 37 CFR 1.47(a) must be accompanied by:

(1) the fee under 37 CFR 1.17(g), (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort, (3) a statement of the last known address of the missing inventor, and (4) an oath or declaration by each 37 CFR 1.47(a) applicant on his or her own behalf and on behalf of the non-signing joint inventor.

The Decision admits that items (1) and (3) have been satisfied. The only remaining issue is whether items (2) and (4) have been satisfied.

In the previous Petition, the Applicants sought waiver of signature for four of the inventors: Qi Li, Katherine Salas, Michael Ukeje and Ramesh Yanamandra. The Applicants have since located three of the four inventors, Qi Li, Katherine Salas, Michael Ukeje, from which a signed declaration is enclosed. Thus the issues raised in the Decision for these inventors is moot.

The only remaining missing inventor is Ramesh Yanamandra. The name of the inventor was searched in the Google database, which showed a Ramesh Yanamndra in India working for the company Accenture (Declaration of Samantha Claire Radley, ¶2). A receptionist at Accenture gave three email addresses for him, which were used to contact this individual (Declaration of Samantha Claire Radley, ¶2). This individual has yet to respond to the emails (Declaration of Samantha Claire Radley, ¶2). A more detailed investigation of the Ramesh Yanamandra located in India made it doubtful that this individual is the inventor at issue here since his profile lacked pharmaceutical experience (Declaration of Payam Moradian, ¶3).

Since the last address of Ramesh Yanamandra was a UK address, an effort was then made to identify specific websites that are designed to search for individuals in the UK. Only one website was found which provided information on Ramesh Yanamandra (Declaration of Payam Moradian, ¶4). The website, gave the following address for Ramesh Yanamandra: 34 DEVON DRIVE, CHANDLER'S FORD EASTLEIGH, HAMPSHIRE, SO533GN, which is a different address than that provided on the page of the PCT application (Declaration of Payam Moradian, ¶6). This address corroborates the address for Ramesh Yanamandra provided in Paragraph 3 of June 3, 2007 affidavit of Samantha Claire Radley:

3. Later, on the 23rd August 2006, my colleague Simone Frankel contacted Jaz Ghick in the Teva UK Limited Human Resources Department and discovered a new address for Ramesh Yanamandra – 34 Devon Drive, Chandlers Ford, Eastleigh, Hampshire SO53 3GN. The bundle of documents described in paragraph 2 to this address was then sent to this address. No documentation has been returned to me at Norton Healthcare Limited to date.

The website did not provided a phone number for Ramesh Yanamandra (Declaration of Payam Moradian, ¶7).

A copy of the PCT application, along with a declaration and an assignment was then sent to Ramesh Yanamandra on February 25, 2008 with next day delivery to both the address from the website and the address listed on the PCT application publication (Declaration of Samantha Claire Radley, ¶3). Apparently nobody at these addresses was available to accept the envelopes. (Declaration of Samantha Claire Radley, ¶5)

The Applicants also inquired from some of the co-inventors whether they had any contact information for Ramesh Yanamandra; these co-inventors failed to provide any contact information for Ramesh Yanamandra (Declaration of Payam Moradian, ¶8).

A diligent effort was carried out in finding the inventor. A general internet search was carried out, followed by specific searches for people in the UK. Some of the co-inventors were also contacted to obtain contact information for Ramesh Yanamandra. These efforts where in addition to those provided in the June 3, 2007 affidavit of Samantha Claire Radley. The fact that the Applicants were able to locate three of the four missing inventors further demonstrates that the Applicants have been diligent in trying to locate the missing inventors, including Ramesh Yanamandra.

It is respectfully requested that the Applicants have met the requirement of section (2) of 37 CFR 1.47(a) by showing that a joint inventor cannot be reached after diligent effort.

Regarding item (4), the Decision states:

With respect to Item (4) above, petitioner filed multiple 2 page declarations. However, each declaration is incomplete, in that, each declaration does not identify all the inventors as listed on the published international application PCT/US04/36477. What is required is a newly executed declaration which identifies all the inventors and is in compliance with 37 CFR 1.497(a) and (b). Item (4) is not yet satisfied.

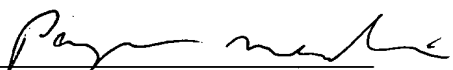

Applicants hereby submit seven new declarations from all of the inventors except the missing inventor Ramesh Yanamandra. Each inventor was sent a 4 page declaration identifying all of the inventors listed on the published international application PCT/US04/36477. Thus, the requirement of item (4) has been satisfied.

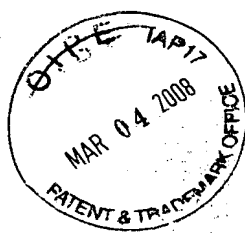

Since all of the requirements of 37 CFR 1.47(a) have been satisfied, the Applicants request grant of this renewed petition.

A duplicate copy of this paper is attached.

Respectfully submitted,

Dated: February 28, 2008

February 28, 2008 Declaration of Samantha Claire Radley

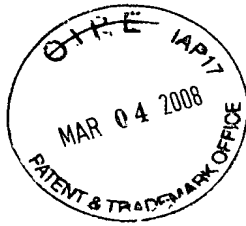

I, Samantha Claire Radley declare as follows:

1. I am a Patent Administrator for Norton Healthcare Limited ("Norton") and I make this declaration in support of Norton's United States patent application number 10/578,233 entitled "Soft Steroid Compositions for Use in Dry Powder Inhalers".
2. I performed a search for Ramesh Yanamandra on the Google database. Based on my search, I located an individual named Ramesh Yanamandra working for the company Accenture in India. A receptionist at Accenture in London gave three email addresses for him, to which I sent a copy of the PCT application (PCT/US2004/035477) as published, a declaration and an assignment form. Copies of my email are attached as Exhibit A. Two of the email addresses failed. Copies of the Failure reports are attached as Exhibit B.
3. On February 25, 2008 I sent two separate packages for next day delivery to the address for Ramesh Yanamandra on the face of the PCT application (PCT/US2004/035477) as published and the following address:

34 DEVON DRIVE
CHANDLER'S FORD
EASTLEIGH
HAMPSHIRE
SO533GN
4. Copies of the envelope receipts are attached as Exhibit C. Copy of the cover letter is attached as Exhibit D. Each package included a copy of the PCT application, a declaration and an assignment.
5. On February 28, 2008, I checked the Royal Mail, Track and Trace website. Neither package has been either delivered or collected. I enclose a copy of each tracking report as Exhibit E.
5. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and believe are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.

February 28, 2008 Declaration of Payam Moradian

I, Payam Moradian declare as follows:

1. I am an associate attorney at kenyon & Kenyon LLP, and have USPTO Registration No. of 52048, and I make this declaration in support of Norton's United States patent application number 10/578,233 entitled "Soft Steroid Compositions for Use in Dry Powder Inhalers".

2. On February 22, 2008, I received an email from Samantha Radley stating as follows (Attached as Exhibit F – confidential information redacted):

The latest information that I have for Yanamandra is that he's India working for Accenture. A very helpful receptionist gave me three email addresses for him (!) so I have sent out the form to all three. Again, I haven't heard anything.

3. I then performed my own searches on Google and located who I believe is the same Ramesh Yanamandra mentioned in Samantha Radley's email. I looked up the profile of this individual in www.Linkedin.com. The profile is attached as Exhibit G, and fails to list any experience in the pharmaceutical field.

4. I attempted to identify websites that would locate individuals in the UK. I performed searches in Google for such websites, and the only website that I came across that had information on Ramesh Yanamandra was www.192.com.

5. A Paypal account was required to obtain the full information from the 192 site. I had a paralegal with a Paypal account browse the site while I stood at his side and directed him.

6. After payment, the 192 site gave the following information for Ramesh Yanamandra for the years 2007-2008 (please see Exhibit H):

34 DEVON DRIVE
CHANDLER'S FORD
EASTLEIGH
HAMPSHIRE
SO533GN

Electoral Roll 2007 - 2008

Send to My Mobile
Search Telephone Numbers

Age guide: 35-39 (?)
Length of occupancy: 2 years

7. Clicking on the "search phone numbers" tab did not provide a phone number.

8. On February 26, 2008, I sent an email to the co-inventor Anayo Ukeje asking "Do you have any contact information for the co-inventor Ramesh Yanamandra?" (Attached as Exhibit I) He did not respond.

9. On February 18th 2008, I sent an email to the four co-inventors Kathrin Salas, Qi Li, Jade Ly and Xian-Ming Zeng asking "We also need signatures from Anayo Ukeye and Ramesh Yanamandra. Do you happen to know how we can get in touch with them?" Exhibit J.

10. Kathrin Salas responded on February 19, 2008 stating: "No, , these 2 people are not with our department." Exhibit J.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and believe are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code.
